The Old . . .

This book tells a story. It tells of the beginnings, the growth and development, and the final glories of the Senior Class of 1962. Just as the face and interior of Media High School has changed, so have we, this year's graduating class, been transformed and improved. And as we see the years and months of our school life portrayed on the following pages, let us think and remember. This yearbook, then, is a biography of the Senior Class of 1962.

Dedication

Those who lead, who encourage, who guide, deserve appreciation. The thousands produce only the few who step forward, donating their services to provide for the welfare of others.

Many of these few are found in this Media High School. Teachers, due to their natural qualities, constantly strive to insure a secure future by educating youth. These people try to nurture in their students certain ideas which they believe are vital in preparation for adult life; they help mold their thinking toward wholesome ideas; they are intent on sending into the world an educated and confident youth willing to apply itself to the manifestation of good.

Several of the teachers elect to rise above their required obligation and give more time to these purposes. These devoted individuals, our class advisors, supervise extra-curricular activities of the students, thereby making a larger effort toward the achievement of the instructors' universal goal. Through personal and informal contact without the classroom much can be accomplished in the conveyance of those sound attitudes every teacher desires to instill in his pupils. It is with much respect that to them, the freshman, sophomore, junior, and senior class advisors, the class of 1962 sincerely and gratefully dedicates its Yearbook.

At Media 35 years

Dear Seniors:

The Media High School, as a modern secondary school, has the following objectives for its graduates: good health, worthy home membership, responsible citizenship, the choice of a vocation, command of fundamental skills, worthy use of leisure time, and ethical character. The attainment of these objectives should be the goal of each individual member of the Class of 1962.

Teachers and members of this class have been working together since September, 1958. The daily learning experiences in classrooms, assemblies, athletic events, and many other activities are the motivating factors and influences in both the formal and informal education of this group of young people.

In the near future the members of the Class of 1962 will become Alumni of Media High School. The school and the community are very proud of the wonderful heritage of the large group who name the Media High School as their "Alma Mater."

The Class of 1962 has achieved a high rating in its progress so far. It will be the responsibility of the individuals of this class to establish and maintain in the future the high type of achievement which characterized the Class in its progress through the four years of secondary education. The members of the staff, the student body, and the administration congratulate the Class for its achievements and wish for the continued happiness and success of the Class in the future.

Sincerely,

John K. Barrall

At Media nine years

Dear Seniors:

Twelve years have sped by since you began your formal education as first graders. During those brief years exciting changes, both good and bad, have been at work to virtually revolutionize the world we live in. Knowledge you have gained through your years in school will stand you in good stead for constructive adult leadership. More important still, will be the continuation of your habits of study and inquiry which we hope are now a part of you.

You can be certain that in the years to come, conditions of life and work will be more significantly different from what they are today or were twelve years ago. I have every confidence that your part in bringing about these changes will help guarantee a better new world for both you and your children to live and work in.

Sincerely,

Fred Tanger

The School Board

We, the Class of 1962, wish to thank the members of the School Board for their continual efforts toward making Media High School the fine school we have come to know so well in the last four years. We have noted with pleasure the accomplishments of the School Board—new lockers, desks, a bank room, a health suite, and interior decorating throughout the school—and these have made a marked improvement in our school life.

We are grateful for the kindness, consideration, and support the School Board has given us. Without their efforts we could not have had such a successful four years in Media High School.

Our Teachers

Teachers, like parents, are often decried by young students. But too soon we grow old, and too late we will appreciate all they have done for us. We will not be able to completely measure their significance until our lives are over, for, as we continue to develop, we continue to be products of our teachers. But even now as we leave their direct influence, we begin to realize that they were a group of people who cared for us, looked after us, helped us prepare for our vocation; who have given us fine examples to follow and priceless ideals for which to strive. We are, no doubt, better people having known them, and, having known them, we hope to be greater individuals.

Turn Back the Clock

A thousand math problems have been solved and thousands of text books have been read since we came to Media. Some of us have still further education ahead of us while others are stepping out into the business world. But this is for the future, and our years at Media are now becoming history.

We began our freshman year in September 1958. We were some two hundred students from Media, Garnet Valley, and Penn-Delco, and getting acquainted with one another was quite a problem. After a short introductory period we elected class officers: Bob Collins, president; David A. Brown, vice president; Diane Lister, secretary; Kay Robertson, treasurer.

This was also the year that Media beat Chester in the annual Thanksgiving Day football game. This game concluded a fifty-year rivalry.

Later in our freshman year we held our first big class dance, this to the tune of Saint Patty's Day. But the most memorable event of the year was our class trip to Harrisburg, Gettysburg, and Hershey Park.

During the summer, as we were anxiously awaiting the arrival of our sophomore year, we were saddened by the news of the death of one of our classmates, Joan Moyer.

The first thing we did in our sophomore year was elect James Clare president, David A. Brown vice president, Judy Harvey secretary, and Kay Robertson treasurer. But the beginning was not all elections, and our class was stricken by the death of our beloved Dean, Dean Anderson.

As our sophomore year came to a close, we held a very successful Sophomore Hop and we were all invited to a class party at Kathy DiMedio's home.

Back in school for our junior year, we realized that much of our success as seniors depended on what we could accomplish as juniors, and so we tried to make every moment count. With this in mind we re-elected last year's officers. To get the ball rolling and some money in our treasury for yearbooks and our Washington trip, we held a magazine sale.

This was the year for basketball. Media had the best basketball team in our school's history to date. The squad, heavily bolstered by our juniors, went far into the Section B playoffs.

In the spring, with the help of Miss Feenane, we held our first stage production, "They Gave Him A Co-Ed." With Ted Baldwin and Elaine Widmaier mooning eyes at each other, and Chick Hamlin a confused student of Cold Canyon College, our class first realized its potential greatness and swelled with pride at our success.

In March we prepared to take a trip with David A. Brown as chairman of the decorating committee and Jack Warfield as chairman of the planning committee. When the paintings of Jim Cunningham and David Kailer were finished, we were ready to leave. On March 3, 1961, we took a voyage to the "Enchanted Isle," where we danced until 1:00 to the melodies of the Haverfordians. This was our beautiful and unforgettable Junior Prom. Our class president, James Clare, held an after-prom-party at his home.

Again, as in last years, we concluded the year with a class party at the home of Kathy DiMedio, a fitting way to end so fine a year, and leaving all of us with a feeling of anticipation for the one to follow.

As fall began in 1961 we all returned to school hoping to make our last year the best. We had two changes in class officers, Bill Robinson, vice president and Janet McAbee, secretary.

Soon we were all up to our neck in activities. The senior variety show, "Talents of '62," attracted a capacity audience and because of a great performance, our fame was secure. When practice began for our senior play, many proud seniors offered to help produce the greatest stage production ever presented by a senior class.

This year the varsity club held the first annual Homecoming Weekend. The activities of November 17 and 18 featured a parade, a bonfire, a football game with Nether Providence, in which we killed the Bulldogs 32-7, and a big dance that Saturday night. Our lovely queen, Elaine Widmaier, reigned over all.

Our two day class trip to Washington, Baccalaureate, and Commencement, and the Senior Prom are yet to be, as we write this. Because of this, our greatest days at Media are still in the future. Every senior has been talking eagerly about our trip to Washington ever since our senior year at Media began. And we all can hardly wait 'til the night of our Senior Prom. But, more important, all the seniors are anticipating the day when we receive our diplomas. And in the future, when we look back at the past and at the history we have been a part of in Media High School, let us remember the words of our Alma Mater, "Here's loyalty to you," and to these add: "We love the halls of ivy, that surround us here today, and we will not forget though we be far, far away." These four years at Media have been the greatest years of our life. How could we forget?

Junior Prom

"Enchanted Isle" born of adversity out of time, was one of the finest proms ever held by a Junior Class. The basketball team was in the Class B playoffs on the same night, but despite that, with the help of our sponsor, Mrs. Van Horn, we had a very successful affair.

Jim Cunningham, Dave Kailer, and the paint corpsmen rose above the temptations of penny-ante and color television to produce a beautiful mural with an azure sea, tropical rain forest, majestic mountains, purple rocks, and a split level boat.

We built a little bamboo hut for our orchestra, The Haverfordians. We used real bamboo for the sides and roofed the edifice with grass rugs. The isle illusion was furthered by chicken wire palm trees, a volleyball fish net, and cardboard butterflies.

The court consisted of Jeri Greene, Judy Harvey, Diane Lister, Sandy Lowe, Pat Rusinko, Barbara Shellander, Pat Smith, and Linda Wheeler with Pat Coale crowned Queen, and fittingly reigning from a shell throne.

We won the basketball game, danced at the Prom, and yawned at Jim Clare's party afterward.

Our Junior Play

The moment our homegrown hick, Teddy Baldwin, appeared on stage wearing his battered hat and bright, dappled, a-foot-wide tie, we knew our Junior Play would be the best one on record.

While Dean Brown (Teddy Baldwin) was chasing a frigid Gloria (Elaine Widmaier) and passionate Una, (Beryl Leamy) was pursuing cowardly Gary (Chick Hamlin), everyone of our Cole Canyon College students became involved in searching for the elusive Maniac (Ronnie Davis). And the real Dean Brown (Harold Rice), graying and mustached, finally convinced the students of his identity.

And Miss Feenane "cheerfully" tore out her hair in a successful effort to organize the pre-performance chaos. Bonnie Cropper, Jeri Green, and Connie Levin did what they could to help our lovely director. With their guiding hands and our actors' hard work, the merry mix-up between the two Dean Browns was perfected.

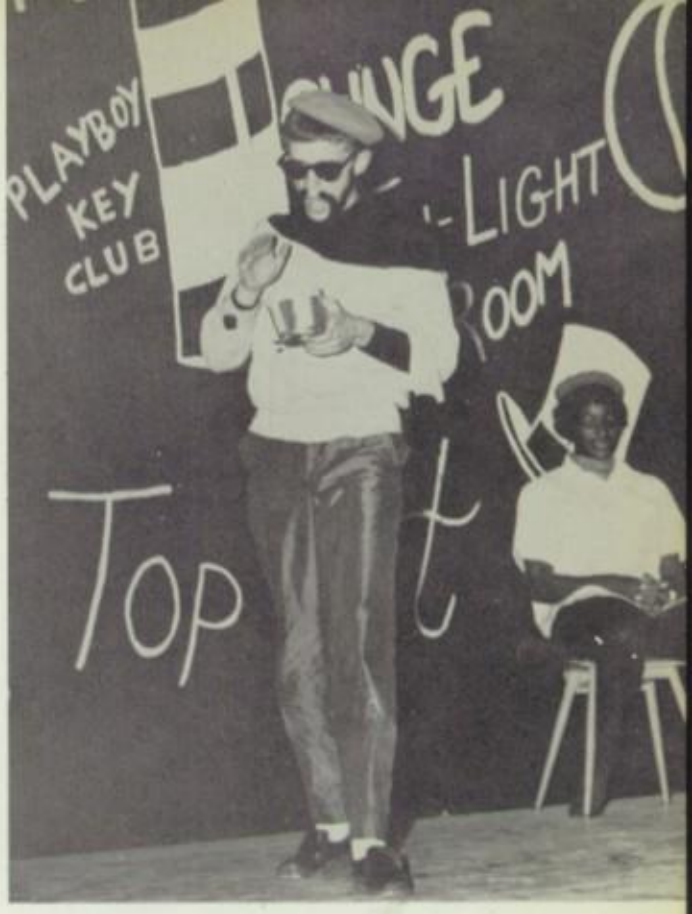
Variety

Talents of 1962

"East side, west side, all around the town." That's where '62 went with our Variety Show. On our journey through the Manhattan high spots, we followed three couples on their big night in town. We saw the Newlyweds in the "Starlight Roof," and the Hicks in the "Glittering Globe," and the Beatniks in the "Eye."

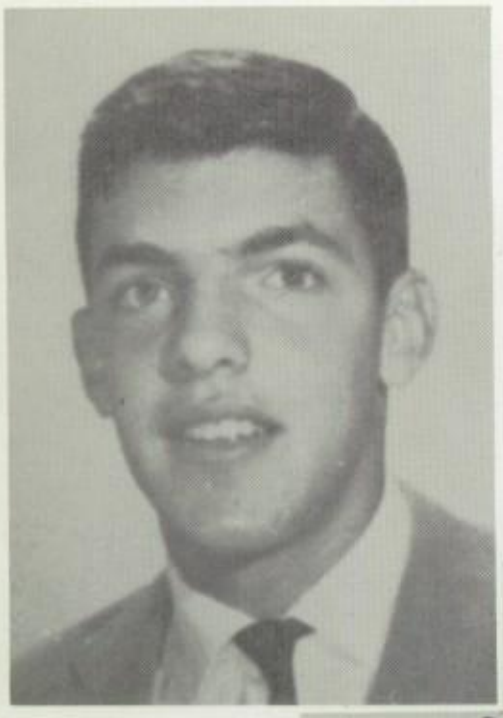


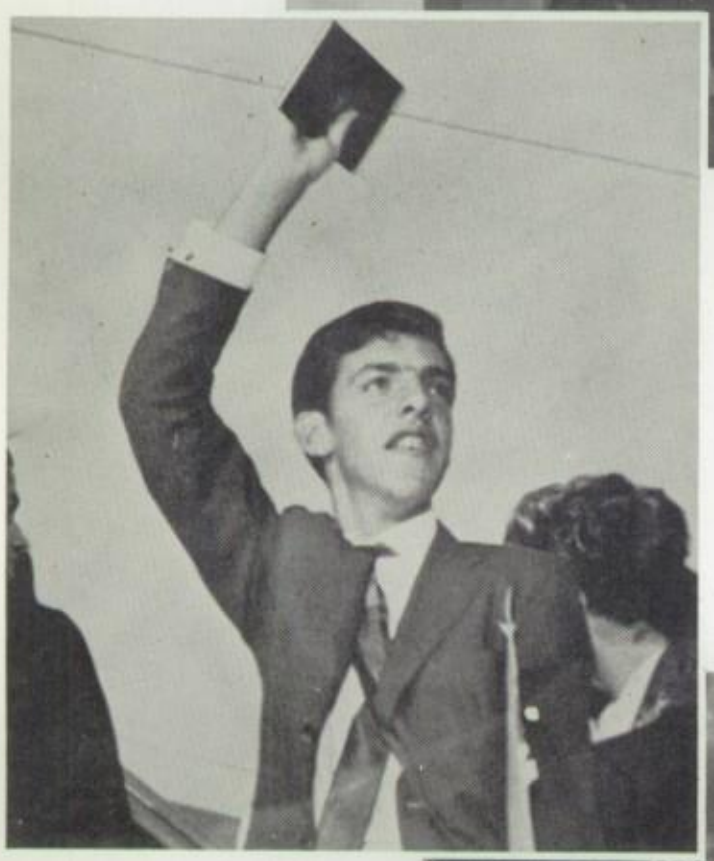
Show

We had can-can girls, flappers from the '20's, a Dixieland band, a beatnik dancer, a sick comic, and many more. Yes, our Variety Show had all the elements, and from the elegant "Starlight Roof" to the smoke filled "Eye" the pace never slackened. From beginning to end we put on a show that will not soon be forgotten.

American Field

Ed Moretzsohn





Dear American Friends,

It was always one of my biggest dreams to come to the United States. Thanks to the AFS, my dream came true and here I am.

It was truly the most exciting and unforgettable experience that I will ever have had in all my life, because when these things happen in the teen age years, they stay deeply marked in our hearts, better than in any other age.

We, the Brazilian exchange students, came, each one with a different idea of what life in the United States would be, but I am sure we all will go back with the same thought in mind: the sincere friendship and hospitality of the American people.

Here I saw snow for the first time in my life. How happy I was when I woke up one day and saw snow laying on the ground. How many times I listened to the weather report hoping the temperature would go down so that I could go ice-skating, which was also a new experience for me.

And I will never forget the hoagies!

From my family, my friends, and my school, I learned what America is, how Americans live.

It is hard to think that I will have to go back shortly. But I will go back sure that I accomplished the purposes of the American Field Service and hoping that I will come back someday to relive these happiest moments of my life—and that the friendships I made here will last forever.

Thanks, everybody, for the wonderful year I had.

Your Brazilian friend.

Service

Bruce Ritz

Dear Classmates,

The most unforgettable experience I have ever had was spending the summer of 1961 with the John Ekernas family in Vaxholm, Sweden. No American exchange student could have lived with a finer family.

In Sweden I did many things I had never done before. My Swedish brother, Anders, and I sailed all over Stockholm's archipelago. The whole family went for a week and a half hiking trip through mountain terrain, and we all climbed the second highest mountain in Sweden.

One of the greatest of many impressions drawn from my summer stay in Sweden was that the United States does not stand alone in material possessions. Swedes have just as many washing machines and refrigerators, homes that are just as comfortable and attractive, and almost as many television sets as we do.

As I recall the friendships made, I can only wish that everyone could have had the experience of getting to know other peoples of the world as I was so fortunate to have done in Sweden this past summer.

The exchange students of the American Field Service have proved to me and continue to show to teen-agers all over the world that world understanding can be brought about by following the Service's motto: "Walk together, talk together, all ye people of the earth; then and only then shall we have peace."

Sincerely,

Bruce Taylor Ritz

Our Senior Play

TURN BACK THE CLOCK

In January of our senior year, we were told that the jitterbug, television, and "cool it" were out, and the Charleston, radio and "bee's-knees" were *the* thing. Yes, for its senior play our class had decided to Turn Back the Clock to 1928, and the problems of Evie Palmer (Charlene Merkle) a teen-age girl just out of high school. We followed her through troubles with Johnny (Chick Hamlin) and Charlie (Jim Clare). We sweated out younger sister Sally's (Sue Shoemaker) troubles with the Prince of Wales and Charles Lindbergh, and older brother Larry's troubles with goldfish—and Maybelle (Sue Hunter). Flapper costumes and straw hats flew wildly around the auditorium stage, and every member of the cast was sure that the play would never go on, doubts shared by Mr. Ware, our patient (?) faculty advisor.

Members of the faculty smiled tolerantly, and students gaped as assorted items such as an old-fashioned hand-wound victrola were dragged up on stage. For the cast, calmly blowing bubbles on stage, this was no longer 1962; it was 1928.

Finally the weekend arrived, but on Friday night it snowed. Despite this obstacle, a good crowd showed up for the Saturday night performance. Everybody agreed that the senior class had done it again! We could now chalk up theatrical success number three for the class of '62.

Yearbook

We worked, sweat, bled a little, cried a little (to say nothing of some drawing, typing, photographing, writing, and circulating). And this is what we produced—a record of the class, by the class, under the leadership of our fine editors, Elaine Widmaier and Bruce Ritz and the guidance of Mr. Davis. This is what we did and how we lived. Look at it and remember.

Scott's Hi-Q

ANOTHER FOUR POINTS FOR MEDIA

Five seniors sat on the floor of Miss Taylor's office with news magazines in one arm and a book of quotations in the other trying to anticipate the questions that would be asked in the Hi-Q quiz the next day. But they need not have fretted or worried so, for these mighty Mustang quizzers went on to score a total of thirty points in the contest and to win their first Hi-Q meet. In the following quizzes this group of intellects proved their continuing worth; they comprised one of Media's most successful Hi-Q teams of the last ten years.

GO! GO! GO!

Football requires a large team effort. Our team had this effort, and the boys played their hearts out for a full forty-eight minutes every Saturday. When we lost, it was usually by a close score; when we won, we did it by a wide margin.

The most exciting game of the season was played in a losing cause against Darby, who was the leader in Section Four. The Rams had to come from behind in the last three minutes to pull out a 20-19 victory.

The sweetest win of the season was in the Homecoming Game against Nether Providence. Our annual rival was picked to beat us that day, but we jolted them 32-7.

We are proud of our team, their spirit, their sportsmanship, and their record. It was a successful campaign.

Cross Country

The wait is over. Competing against schools much larger in size, our Cross Country squad finished third in Section II of the District Meet, missing by one place the privilege of competing at the State Meet. They presented a very fine six-to-four record, and with one of the losses, against Penncrest, revenged in the District Meet where Penncrest finished fifth. The first five for Media at the District Meet were Jerry Bowersox, Bob Wright, Bill Truax, Al Kelly, and Dan Hollis. By finishing eighth, Jerry Bowersox was able to compete at the State Meet. Congratulations to our runners for a very successful season. Next year finally came.

Hockey

The whistle, the bully,
the crack of the ball;
The drive, the pass,
and the hoo-rah for all.
The long hours of practice
do take their toll,
But mighty Media
again makes a goal!

One must give these girls a great deal of credit. No matter what the weather, they were out there running up and down the athletic field. With their boundless energy and determination, the girls played a very successful season. Under the able coaching of Miss Carter and Mrs. Smith, they scored a total of five victories.

Basketball

"Press! Press!" This cry brought a shudder to many visiting basketball coaches during the '61-'62 season. Mr. Utz, our varsity coach, employed this technique at some time in nearly every game. It was our team's trademark, and along with plenty of fight and fine shooting ability, it brought Media another exceptional basketball season.

We had a 13-7 overall record and a 10-4 league record, which put us in third place, only one-half game out of second. All of our players were good shooters but we lacked sufficient height and thus suffered in the rebounding department.

Jim Malseed, who was the second leading point scorer in section IV, Len Schlack, and Bill Robinson did most of the rebounding for us, with able assistance from Orville Palmer. Doug Brown and Doug Randolph, both flashy ball handlers, called the plays and set them up.

Senior players Ted Baldwin, Juan Baughn, Dave Brown, Charles Hatton, and junior Charles Rice were a great boost to the team when they were called into action. They helped to stop many rallies made by our opponents.

Hard work found its reward—many victories for the team and pride for the school.

Girls' Basketball

We are very proud of our 1962 Girls Varsity Basketball this year. A record of four wins, two losses and one tie speaks well for our team. Baseball

Ability and Experience—the ideal combination. Many a baseball dream is built on these two hopes, and this year we were no exception. All of our expectations were wrapped up in a huge bundle and labeled with these two words.

Only two varsity players were lost from last year's team, and there were many J.V.s ready to move up to the varsity squad. Therefore, the experience was there. We had the necessary ability, also. There were good players in almost every position. But win or lose we are always proud of our sports teams: "Congratulations, fellows!"

The track men were plagued with bad weather last year, but through it all, did very well. In rain or shine, they were certainly a credit to Media High School. Broad jump, pole vault, and the track events were all participated in by our Mustangs. We are sure that our trackmen will enjoy continued success this year as they have in the past.

Whether they are racing on to the court during a time out or being carried up State Street on the shoulders of grateful players, the cheerleaders are a credit to the class and the school.

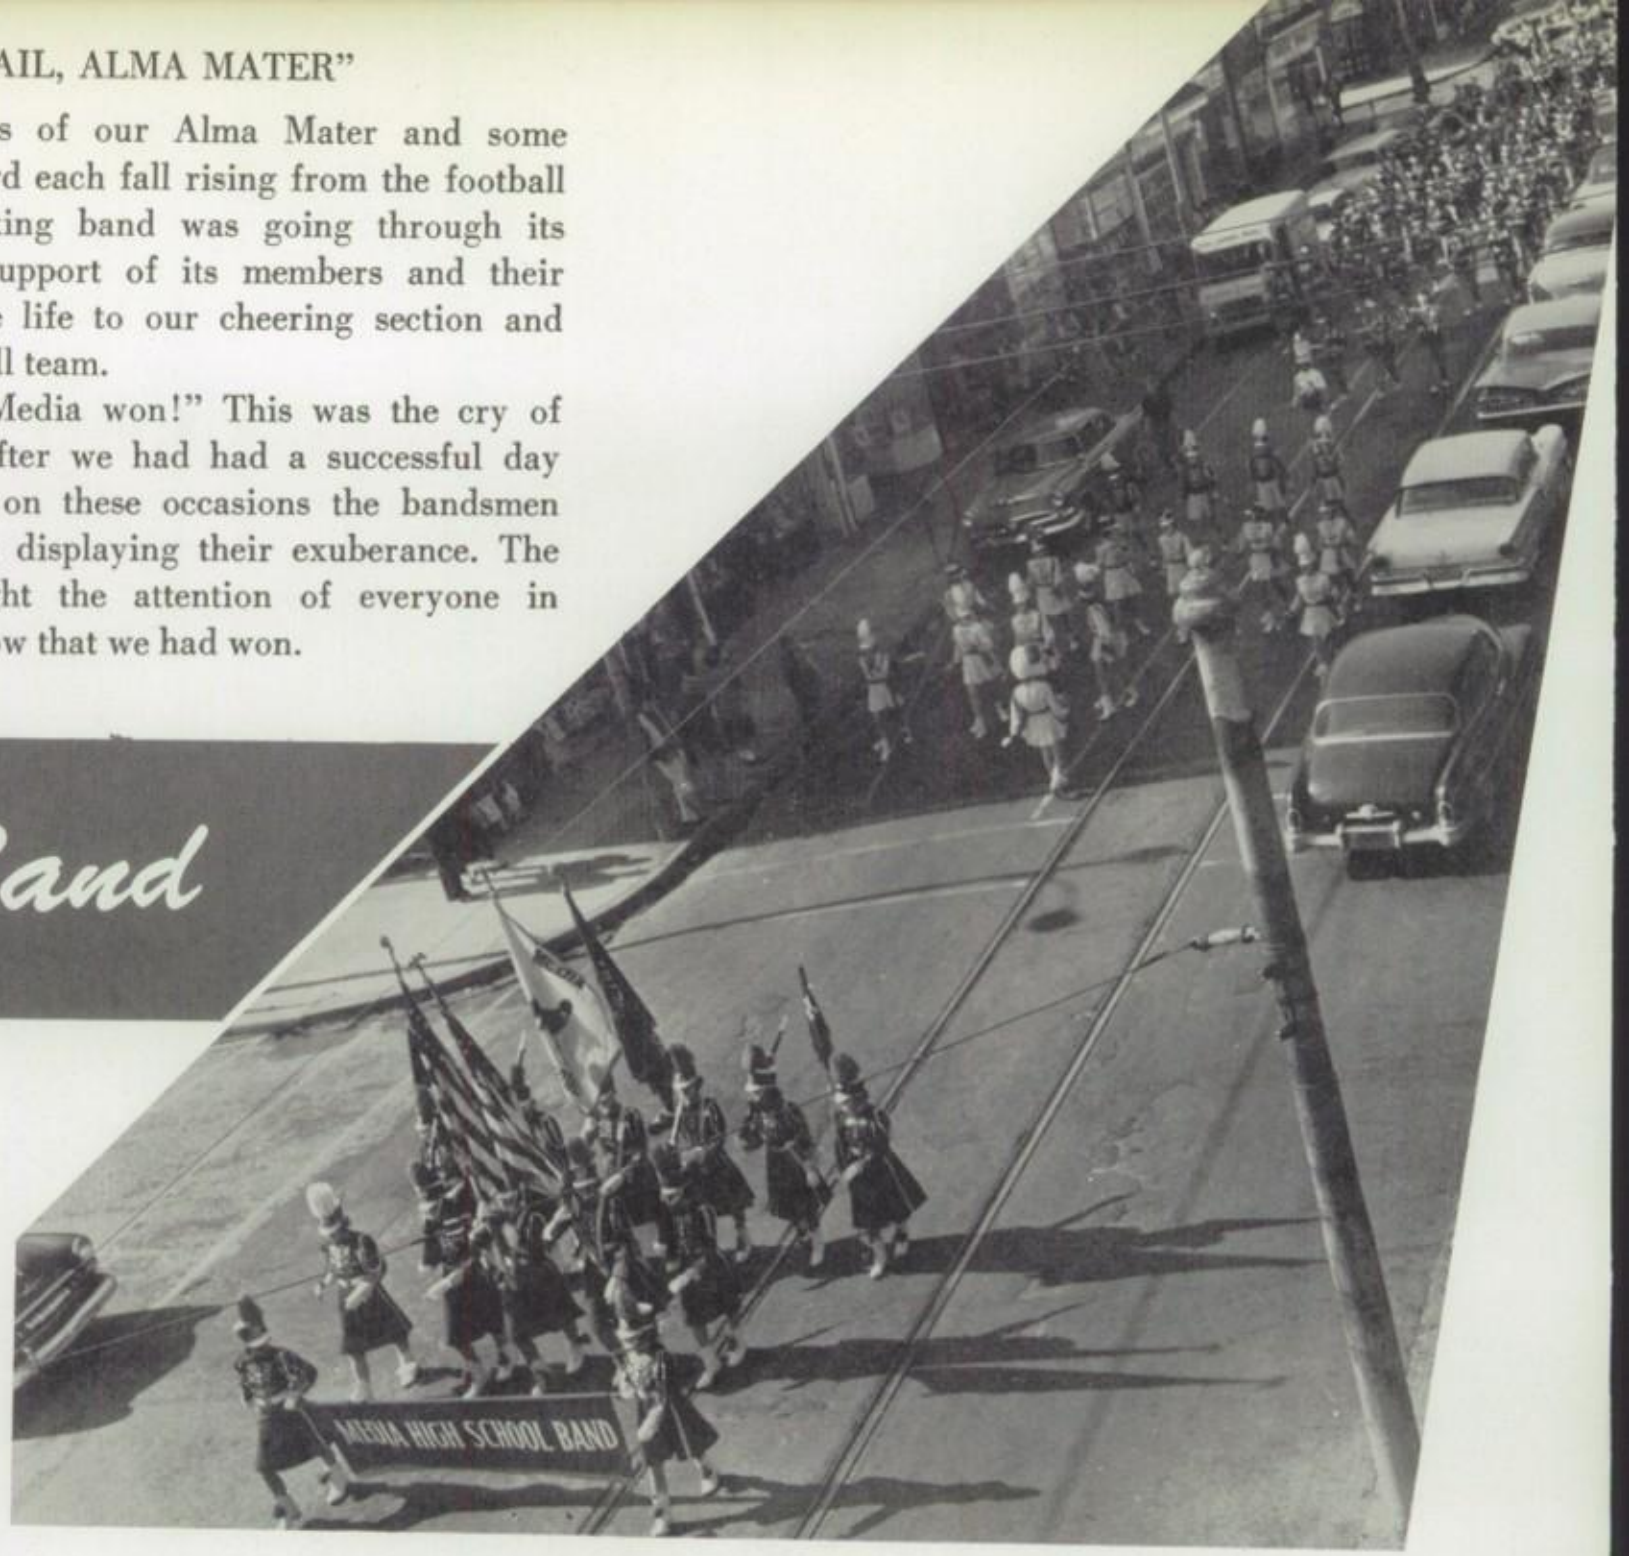
Our Band

"ALL HAIL, ALMA MATER"

The stirring strains of our Alma Mater and some marches could be heard each fall rising from the football field. The hard working band was going through its paces. The staunch support of its members and their excellent playing gave life to our cheering section and incentive to our football team.

"Stop the traffic! Media won!" This was the cry of the town policemen after we had had a successful day on the gridiron. For on these occasions the bandsmen march up State Street displaying their exuberance. The victory marches caught the attention of everyone in Media and let them know that we had won.



When the football season was over the band continued to work diligently, but its practice site was changed to room 102, our new, modernized band room. Here Mr. Charles worked tirelessly, ironing out wrinkles, and preparing the band for the concert season. During this season they gave concerts for other schools in our county, as well as for our own elementary school. All of these concerts precede the bands final performance, an annual spring concert.

"All Hail, Alma Mater," and hats off to our hard working band.

Our Color Guard and Drill Team

"Forward March!" This is the cry of captains Carol Luzetsky and Janice Riddell as they led their squads through a routine. The girls that belong to these groups practice often and work hard until they have their movements down perfectly.

They are a major addition to the band and a big attraction at the football games. The girls are not only known for their fine marching, but also for their rabid enthusiasm, as they cheer the team on from the sidelines.

These hard-working girls also participate in the spring concerts and this year began entertaining between the halves of the Varsity basketball games. Their precision routines are enjoyed everywhere they perform.

We are all proud of our pretty Color Guard and Drill Team.

Our Twirlers

Each Saturday during football season a group of young girls could be seen marching in front of the band at half-time. These girls flashed their silver batons and went through various routines to the enjoyment of all onlookers. They are always out there, no matter how low the mercury dipped, following the commands of Judy Johnson, head majorette, and Mary Jo Albany, senior majorette.

During concert season our twirlers participated in the school concerts and the annual band performance in May. They are a spicy addition to our band and a credit to our school for both their attractiveness and ability.

National Honor Society

THEIR SYMBOL . . . A FLAMING TORCH

To the members of the National Honor Society, the flaming torch represents the light of scholarship, leadership, character, and service. To emphasize these objectives and to inspire in fellow students a desire to honor them, the Honor Society presents assembly programs throughout the year. During an impressive candlelight ceremony, worthy students are inducted into the society.

The Honor Society, under the sponsorship of Miss Marie Boyle, conducted a new and very successful program called College Day. For five fifteen minute periods more than one hundred students visited and talked with thirteen Media alumni who represented nine colleges. All who took part in the first College Day agreed it was a very rewarding program.

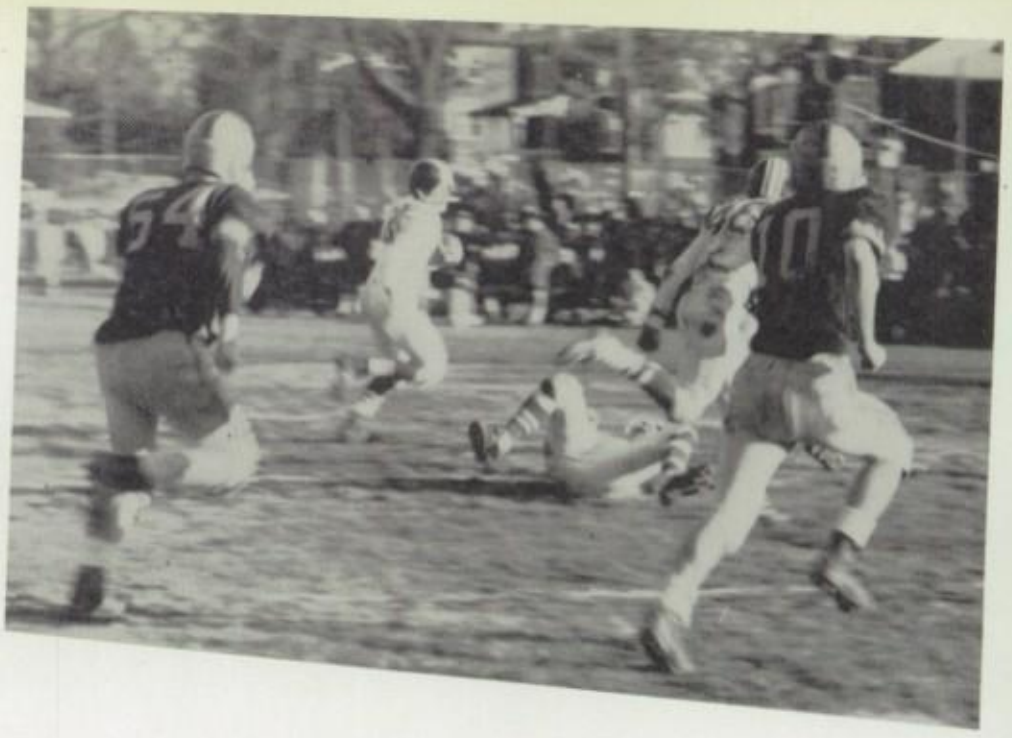
The Varsity Club of Media High School consists of those athletes who have been awarded a varsity letter in any sport, or cheerleading. This year the Varsity Club, both boys and girls as of last year's merger, had its most active year. Besides sponsoring a number of exhibition sporting events, selling its usual wares, and holding post-basketball game dances, the Club has been busy at new projects. New rules concerning the Club code of dress were made; the girls sold pep tags for football games; and the First Annual Media High School Homecoming was initiated by the Club. Certainly, this year's Varsity Club is worthy of all the support, recognition, and praise the school student body can give to it.



The Homecoming Week ran from November 17 to 18, 1961. By selling pep tags and having many pep rallies, school spirit was boosted to an all year high. On Friday we put the cake in the oven with a noisy parade up State Street, led by our band and lovely queen, Elaine Widmaier. The football team must have absorbed most of the school fervor, for on Saturday our boys took to the gridiron and finished the cake by smashing the N.P. Bulldogs 32-7. And on Saturday night all Homecomers iced the cake at a Victory Dance Prom, one of the finest affairs held all year. Congratulations and a piece of that cake to all Varsity Club members for developing this fine week.

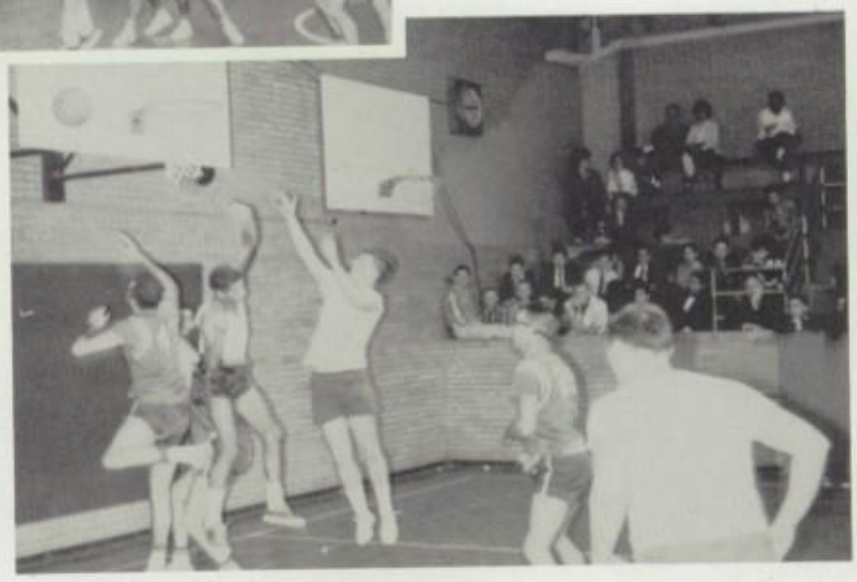
In an extremely close and sometimes humorous contest, the Varsity Club boys proved superior to the faculty in their basketball skills.

Faculty Game



Alumni Game

The school's sympathy went to the Varsity basketball team the night the Alumni overpowered them on the hardwood.

Eagles Game

"Go, Teach!" That was the cry of the Media students who backed the faculty when our teachers met the famous Philadelphia Eagles in our own gym. Although the football pros won with an unmentionable score of 107-56, the thrill of having such a great group of athletes at Media more than compensated for the disappointment. The entire school body was very grateful to the Varsity Club for this close-up of the Philadelphia Eagles.

Junior National Honor Society

The Junior National Honor Society is composed of outstanding students in the ninth and tenth grades. In addition to presenting several assembly programs during the year, the Junior National Honor Society conducted a coke sale, made a scrapbook, planned a picnic, and arranged a tour of the high school for sixth graders. This society is sponsored by Miss Denlinger of the home economics department.

Future Teachers of America

The Future Teachers of America club acquaints future teachers with the history, ethics, and program of the teaching profession. It also helps its members in the selection of a college and gives them practical experience in the teaching program. Many F.T.A. members spend several periods a week assisting in the elementary school, where they have an opportunity to observe and to teach.

Under the sponsorship of Miss N. Aijian, the F.T.A. club planned and presented an assembly program featuring a panel of selected teachers, who discussed and debated the problems and opportunities of the teaching program. We wish luck to these future teachers.

PROM QUEEN: Janie Nussbaumer.

Student Council

PROM COURT: C. Luzetsky, P. Davoll, S. De Felice, I. Chandler, J. Nussbaumer.

The Student Council is, perhaps, the most important organization in the school. The Council is composed of members elected from the classes at large, the Class Presidents, and a representative from each homeroom. This school governing body meets each week to discuss school problems and work on school projects.

Under the leadership of their hard-working President and Vice President, Rich Hamalak and Jim Cunningham respectively, and their sponsor Mr. Polignone (well known for his patience, understanding, and duodenal ulcer) this year's council has printed football programs, opened a school store, sponsored Student Day and several American Field Service Assemblies, presented a snowy prom, "Frosted Fantasy," operated a car wash, and run a Spring Carnival.

Congratulations and thanks.

VALENTINE'S DAY

CHRISTMAS
CONCERT

Our Chorus

Our chorus, under the direction of Miss Porter, provides many special assembly programs throughout the year. Thanksgiving Day, St. Valentine's Day, Easter, and St. Patrick's Day each bring its own distinctive theme and music.

Certainly the high point of the choral season is the Christmas Concert. One never tires of the flickering candles, the little children's voices, the choir's anthems, and the telling of the Christmas story.

The singers also participate in musical activities outside school. They were invited to the Rotary Club and the Business and Professional Women's Club.

Many compliments to this fine group of vocalists.

Mrs. Ebersole, Jeninia, Ammon, Ritz, Kulp, Merkle.
Halterman, Carlson, Patterson, Miller.
Clevenger, English, Conrad, Hatch.

Junior Classical League II

The Junior Classical League this year was divided into two student groups, a first and second year club. They held a picnic outing and a swimming party. Their main event was the Roman Banquet held in April in the school cafeteria.

Library Assistants

If books are the keys to knowledge, then our library is the door. These people who help Mrs. McMillan are helping us, too. When we need a magazine reference from, say 1955, we get it only because the library assistants have taken the time to compile an orderly arrangement of all magazines. All the tedious work of running a library as good as the one we have is being done with the help of our library assistants, and we all owe them a vote of thanks.

Junior Red Cross

Learning first aid and learning how to help people in distress—they are the jobs of the Junior Red Cross. These girls are following in a worthy tradition, for the Red Cross is one of the best facets of humanity: the helping of fellow humans in trouble. Their aim is noble; their methods are right. Teaching young people the right way to help others and raising money to help people in disaster areas—this is the Red Cross, and this is the ideal which the Junior Red Cross is learning to uphold. We wish them the best of luck.

Publications

Freedom of the press is a very important part of our American heritage, and it plays a key role in our school life. Our publication staff, sponsored by Mr. Matthew Polignone, is a hard working organization that has many important functions. First of all, they provide us with a newspaper which includes writeups of all the events that take place in school. The staff also submits articles to the *Daily Times* so that people in our community may be able to know of the important happenings at school.

A very magnanimous attribute of the staff is that they give their profits to the American Field Service. They do a very commendable job, and we're proud of them.

Projection Club

Our school is very proud of its audio-visual aids system. We have movie projectors, slide projectors, tape recorders, and record players. The equipment is very expensive and must be handled delicately. This is where our projection club comes into the picture. The responsibility of the usage and maintenance of this technical equipment lies on their capable shoulders.

The club, sponsored by Mr. Peter Steinhofer, serves a two-fold purpose. First of all, it lends to the members an opportunity to acquire technical knowledge about the complicated machinery, and secondly, it provides a very worthwhile and necessary service to our school. Projection club, "We appreciate it."

Future Nurses of America

Nursing is one of the oldest professions in the world, as well as one of the most honorable. Healing the injured and caring for the sick are indeed worthy motives, and it is for these aims that the nursing profession was created. The girls in the club want to become members of this profession and want to pursue its goals. They've taken several trips to several of the hospitals, and have had student nurses come to speak to them about the techniques of first aid. As a matter of fact, these girls have made quite an extensive study of this subject. In clubs such as these all over the country, girls start training to become the healers of tomorrow.

Junior FNA

These girls are starting young in their chosen career. They know what they want to be, and have started early learning about all the things nursing has to offer, and all that it will demand. They are planning a trip, and have been discussing first aid, as well as numerous diseases. This club is fostering in its members, a high respect for the traditions and ideals of nursing.

Our Monitors

These senior girls are to be found in the corridors between classes, keeping peace among the passing students. Under the leadership of their captain Pat Rusinko, the monitors have been very successful in their efforts to maintain order in the halls.

Miller, Bateman, Kelsall, Zurzala, Jones, Zerbe, Strawn, Woodruff.

Health Assistants

These girls volunteer their services to the School Health Department during their study halls. While gaining experience in health receptioning, they file, type, run errands, and aid patients in the health room. The assistants are a great help to the Health Department and according to Miss Baughman, are missed when they are not there.

Our Dance Band

"I'll Never Smile Again," "Moonglow," and "Solitude" are a few of the big band sounds that can be heard from our modern band room each Wednesday morning before school. They signify that our dance band is practicing to improve its repertoire.

The band has a well-rounded selection including modern numbers and many old-time favorites. They practice these numbers for school dances, banquets, and also for the dance band contest which is held annually, with about twelve school bands in the competition. The group is under the direction of Mr. John Charles.

Davis, Myers, Bowen, McBurney, Naylor, Watt.

Office Assistants

The people we see running around with notes, announcements, and messages are our office assistants. These errand girls and boys will go anywhere, anyway to get a message through. They are like pint-sized postmen who are stopped by neither rain, sleet, snow, or in our case, slippery floors. They are a big help to the regular office employees.
